1 Set up your gym

Tap the **hoop button** at the top. Pick **court space**, **hoops**, **players** and **level**. The ◑ **button** sets team colors and diagram style.

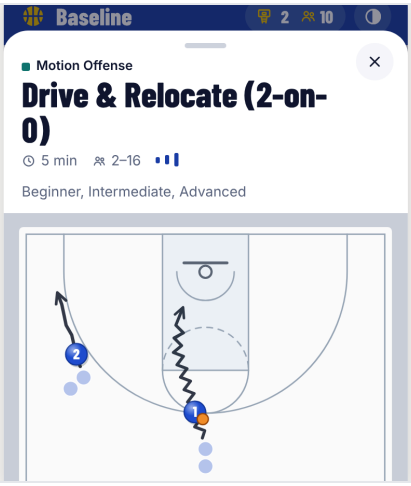

2 Find drills

Search or tap a category. **Fits my gym** hides drills you can't run. ★ **My playbook** = your own drills. Tap + to add one to your plan.

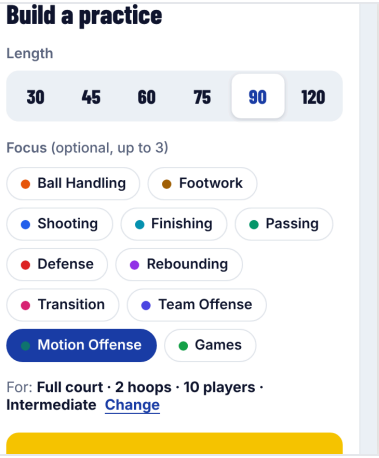

3 Watch it move

Tap any drill — the lines draw, then players move. Use ‹ › to go step by step. Read **"Tell your players"** out loud.

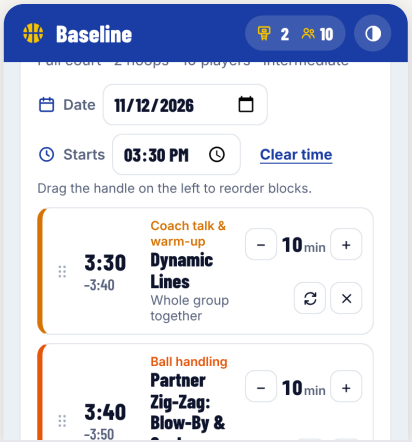

4 Build a practice

Open **Practice Plan**. Pick a **length** and up to 3 **focus** areas, then tap **Build my practice** — or start from a template.

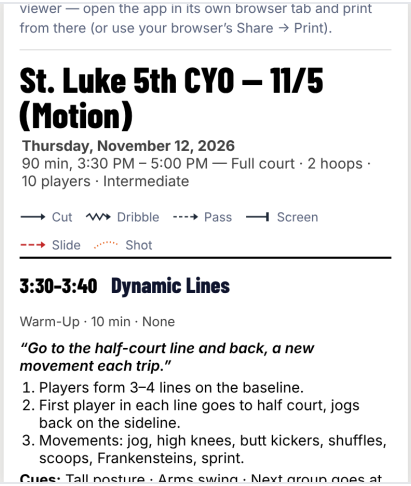

5 Make it yours

Drag the ⠿ handle to reorder · ↻ swap · − + minutes · × remove. Set a **start time** for real clock times. **Save** keeps it.

6 Print or share

Print view makes a clipboard sheet with step diagrams. **Copy as text** to paste it into a group text with your staff.

Coach tips

- **Install it:** on your phone, Share → **Add to Home Screen**. Works with no Wi-Fi after the first visit.
- **Every drill** has easier/harder versions and coaching cues to yell.
- **Add your own drills:** send a link, text or a PDF plan to Ron — they come back with diagrams.
